

Guidelines for the preparation and submission of Abstracts

The **MPF Best Abstract Award**, to be assigned within the program of the "Mediterranean Pain Forum" Congress, will reward the best Poster that will deal with one or more scientific categories among those selected:

- **Interventional pain medicine**
- **Neuromodulation**
- **Pharmacological treatment**
- **Facial Pain**
- **Regenerative Medicines**

The final assignment to a category will be made by the Scientific Committee of the Congress.

The recognition intends to reward and enhance the work of all those who contribute to scientific research and clinical practice every day.

The award also aims to highlight individual professional development and team work, in contributing to the research and development sector of pain medicine and neuromodulation.

APPLICATION CRITERIA

Applicant should hold a PhD or equivalent, have carried out independent research and demonstrated evidence of scientific impact through high-quality publications and dissemination activities.

HOW TO APPLY:
